When Toronto party girl Kylie is fired from her perfect job, she's forced to do the one thing she never wanted to do: go home. Returning to her sleepy hometown is Kylie's definition of failure. She drags herself back to the lakeside town of Camden with her tail between her legs and she'll do whatever it takes to get back to the big city.

When Derek runs a routine traffic stop on a speeder, the one person he never expects to see in Camden again is Kylie. In fact, he barely recognizes her. She doesn't look like the quiet, sweet girl he had a crush on in high school.

Kylie's brother offers her a job back in the city if she can prove that she's changed her ways. She finds the perfect opportunity to prove herself, but it means working with Derek to save the town's waterfront. Can she look past their feud and get the job done?

Can she avoid falling in love with him and complicating her plans to return to the big city?
